Subject: Belleville Senior Citizen Recreation Center

Hi Rosemarie:

This is a follow-up to my call a little while ago. EPA is looking to hold a public meeting in Belleville to announce the Lower Passaic River Proposed Plan for the Lower Eight Mile Cleanup. The meeting will be at 2:00 pm (based on the recommendation of Johnny and Carmine DiMarzo). At this meeting our Agency will give a formal presentation on our proposal and receive comment from the audience. We are looking to have the meeting in June (4 or 5). We will bring our own audio/visual equipment. We took a tour of the location earlier in the year and are familiar with the set up. Can you please get back to me ASAP since I need to list the meeting location on documents before these are final.

Thanking you in advance for your cooperation!
